

## Volunteer Benefits

Frost Science volunteers are eligible for the following benefits:

- Opportunity to meet others who share a passion for science
- Professional development opportunities
- Guest experience training
- Sneak peek of new exhibitions and programs
- Invitations to volunteer gatherings, including volunteer recognition events
- Community service hours for students
- A Frost Science uniform t - shirt
- Access to the museum's Team Member Lounge, including community lockers
- After a Frost Science volunteer accumulates 50 hours, he or she will receive a personalized name tag.
- Upon accumulating 100+ hours, he or she will receive a one-year individual membership with associated benefits, including 10% discount at the museum café and store and 20% discount on all Laser Friday's evening shows. (Option available to upgrade to a Family Membership at a discounted rate.)

## Volunteer Requirements

- Volunteers are public service ambassadors for Frost Science, as such they are expected to be friendly, courteous and represent the museum in a positive, professional and supportive manner at all times.
- Commit to a minimum of 100 hours per year
- A Level 2 background check (including fingerprinting) and drug screening are required for teens and adults (ages 16+). Frost Science covers the cost of these clearances.
- Volunteers will be placed on a weekly or biweekly schedule based on their availability and museum needs.
- Attend a basic volunteer training before the start of their commitment.
- Wear a Frost Science uniform t-shirt for the duration their shift.
