

Frost Science is a smoke-free facility. No smoking or vaping on property.

- RESTROOMS
- ELEVATORS
- STAIRS

# LEVEL 6 (ROOF)

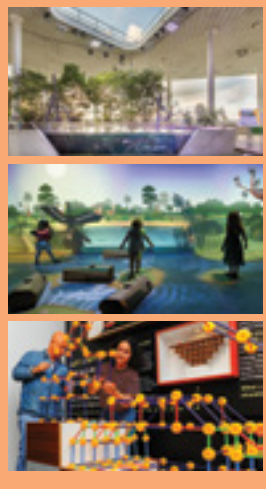

- 1 The Sun Spot (Opening September 1)**  
Experience the power of the sun as a renewable source of energy through several interactive solar-powered activities.
- 2 Observation Deck**  
Take in spectacular views of Downtown Miami and the sparkling waters of Biscayne Bay using our viewfinders before snapping the ultimate rooftop photo.

# LEVEL 5

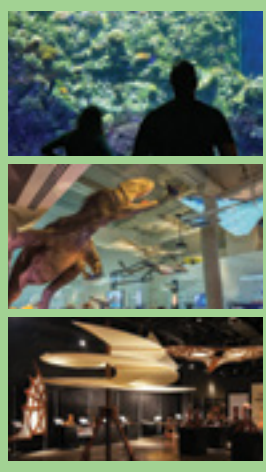

- 1 Inventors in Residence Lab**  
Get a behind-the-scenes look at how science takes on the challenges of the 21st century while meeting the scientists working on solutions for the future.
- 2 Knight Learning Center**  
The Knight Learning Center is comprised of three classrooms that host Frost Science camps, various learning opportunities, and can be utilized as an event space.

# LEVEL 4

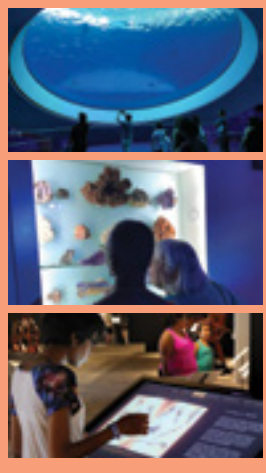

- 1 Aquarium: Royal Caribbean Vista**  
The top deck of the Aquarium puts you at the surface of key South Florida ecosystems as you explore the mangrove forests and corals. Don't miss the free-flight aviary and stingray touch pool in the Florida Bay experience!
- 2 River of Grass**  
Venture into an interactive virtual environment where animal characters come to life in a 20-minute journey through the Everglades. Then, experiment with the principles of hydrology on the outdoor water tables. *(For children 6 and under)*
- 3 Design Lab: Engineering**  
Part exhibition, part laboratory, you'll encounter vintage iterations of everyday objects influenced by engineering while putting your critical thinking skills to the test in a lab setting.

# LEVEL 3

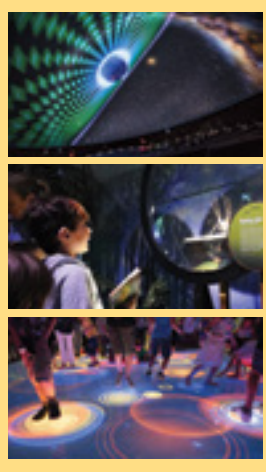

- 1 Aquarium: The Dive**  
Nearly 30 aquariums and interactive vessels invite you to experience the extreme diversity of the subtropical sea, including damselfish, starfish and urchins.
- 2 Feathers to the Stars**  
Follow the astounding story of flight—from feathered dinosaurs to the adventure of future space travel—while meeting the 30-foot *Yutyranus huali* and launching air rockets.
- 3 Da Vinci - Inventions (Level 2)**  
Explore interactive and life-size machines crafted from the texts of Leonardo da Vinci in an exhibition that brings to life his work as an inventor, artist, scientist and engineer.

# LEVEL 2

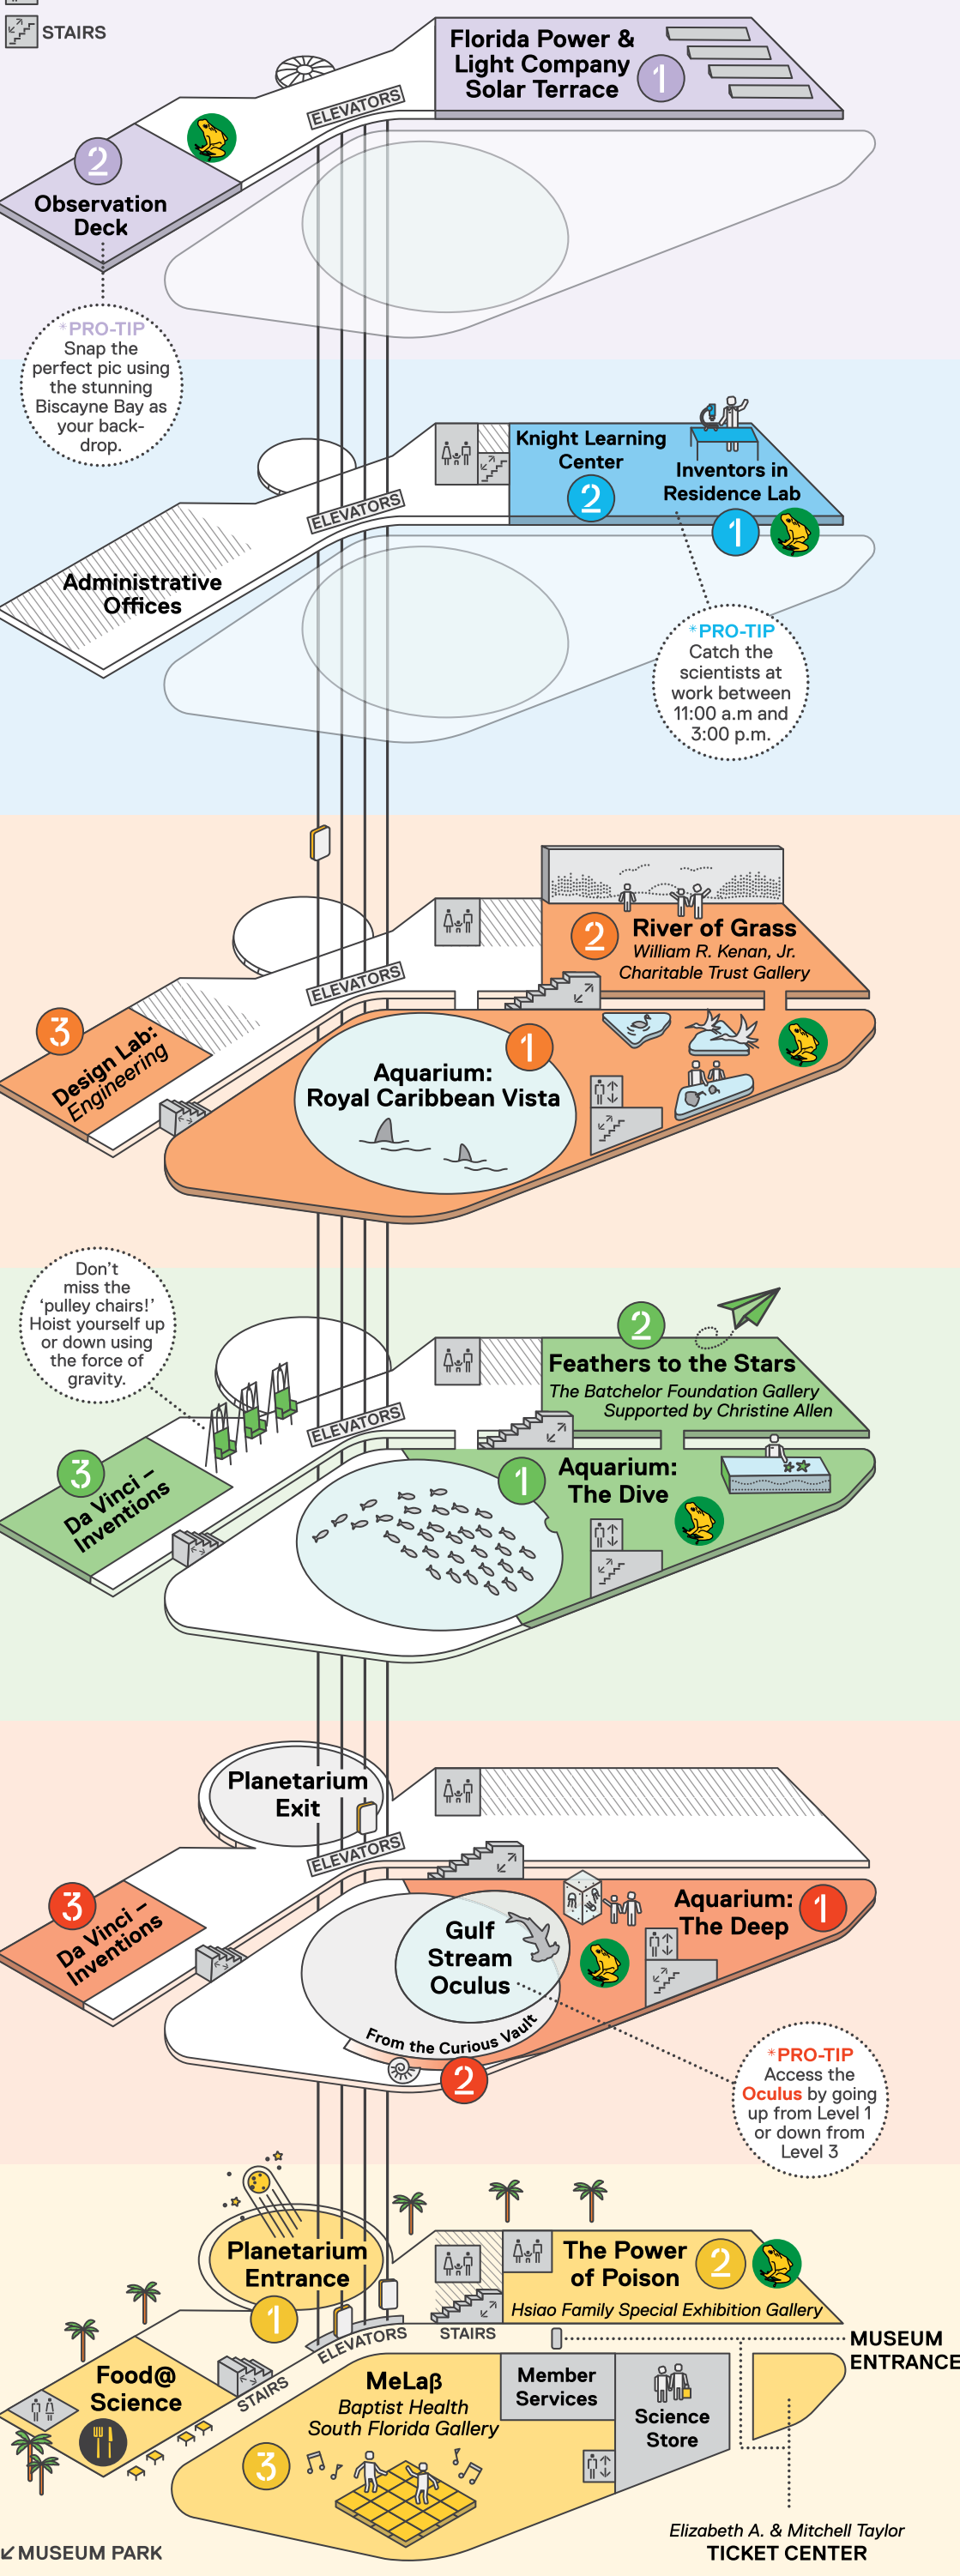

- 1 Aquarium: The Deep**  
Inside the lowest level of our Aquarium, you'll discover the vast depths of the Gulf Stream, including the iconic 31-foot Oculus and fantastical jellies.
- 2 From the Curious Vault**  
Take a look at over 36 display cases featuring some of the treasured specimens and objects that have been donated to the museum by members of the community.
- 3 Da Vinci - Inventions (Level 1)**  
Explore interactive and life-size machines crafted from the texts of Leonardo da Vinci in an exhibition that brings to life his work as an inventor, artist, scientist and engineer.

# LEVEL 1

- 1 Frost Planetarium**  
Go on a visual joyride through Earth and space powered by a 16-million-color 8K visual system with six 3D-capable projectors and surround sound.
- 2 The Power of Poison: From the Depths of the Sea to Your Own Backyard**  
Explore poison's role in nature, human health and myth, through encounters with poisonous and venomous species, a stroll through Colombia's Chocó Forest and whimsical literary exhibits.
- 3 MeLaß**  
Challenge your brain with puzzles and experiments, stop a virus, dance or just chill out as you explore the amazing ways your body and mind work together.

**\*PRO-TIP**  
Snap the perfect pic using the stunning Biscayne Bay as your back-drop.

**\*PRO-TIP**  
Catch the scientists at work between 11:00 a.m and 3:00 p.m.

Don't miss the 'pulley chairs!' Hoist yourself up or down using the force of gravity.

**\*PRO-TIP**  
Access the Oculus by going up from Level 1 or down from Level 3
