

The Science of Weddings

PHILLIP & PATRICIA FROST MUSEUM OF SCIENCE

A wedding at the Phillip and Patricia Frost Museum of Science is an extraordinary experience for all the senses.

With its stunning architecture, sweeping views of Miami's skyline and airy breezes of Biscayne Bay, you'll be hosted in one of the most spectacular event venues in South Florida.

CONSTELLATION

Constellation Culinary, the exclusive Frost Science culinary partner, offers restaurant-quality dining outside the typical restaurant environment, tailoring their services from an intimate wedding to a major corporate affair.

We've built a culinary group that does what restaurants always have: get people talking—and daydreaming—about food, long after their last bite.

We collaborate with our clients to customize culinary experiences born from their vision, not ours, from the most elaborate and elegant meal to the final name card placed. Some would say it's a new way of approaching food.

For us, it's the only way.
