about today's events!

MAD Science Lab Programming:

More ghoulish and ghastly than ever, Frost Science's classrooms have become
unrecognizable after a chemistry experiment gone monstrously wrong. Engage in
science tricks, win spooky treats, and venture through the haunted bat cave!

Underwater Pumpkin Carving – 12:00 p.m. & 2:00 p.m.
Monsters of the deep? No, Frost Science divers! Watch them carve
jack-o-lanterns underwater in the Coral Reef and Mangrove aquariums.

The MAD Science Show – 12:00 p.m., 1:30 p.m. & 3:00 p.m.
A chemist has gone mad! Join us to enjoy an array of unhinged
chemistry experiments.

Photobooth

Location:

Level 5
Knight Learning Center

Level 4
The Dive

Level 1
Ocean Gallery

Level 1
Ocean Gallery

Organization:

ERICA Lab
Examine the bewitching world of magnetic resonance imaging.

FIU Chemical Society
Discover the chemistry behind the bubbly process of fermentation.

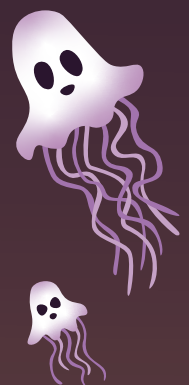

Barry University Chemistry Club
Banish whatever is haunting you by learning the chemistry of stress
hormones, then make a stress ball to take home.

University of Miami Chemistry Club
Experience dreadful demonstrations of the chemistry that happens
inside your body.

Nova Southeastern University Chemistry Club
Can you survive this series of electric, bubbling experiments?

American Chemical Society - South Florida Section
It's a creepy display of the chemistry of health!

FIU Biscayne Bay Campus Science Club
Explore the ghoulish nature of tiny viruses and antibodies.

Sponsors:

UHealth Jackson Children's Care
Ward off ghoulish germs by learning about proper handwashing practices.

Casa Smiles Pediatric Dentistry + Orthodontics
Plaque is scary! Discover how to keep your teeth and mouth clean and healthy.

Thermal Concepts LLC
Math on Halloween? Yes, please! Test your estimation skills through a fun
guessing game.

Miami Downtown Development Authority
Cast a spell on the wheel of prizes and learn about resources in Downtown Miami.

Location:

Level 1
Atrium
